Roller Derby Basics

Two 15-skater teams play two 30-minute periods. Each period consists of multiple "jams." Each jam is an opportunity for both teams to score points, and ends after 2 minutes or when the **Lead Jammer** calls off the jam.

It is **legal** for a skater to **block** opponents with their hips, rear, and shoulders. It is **not legal** to block to the back, to trip, elbow, or to back talk officials. Players committing illegal actions are **penalized** 30 seconds and their team plays short for that time.

2. First Pass

During the **first pass**, the first **Jammer** to pass all the skaters in the pack legally is **Lead Jammer**. **Lead Jammer** status is signaled by the **officials** blowing two short whistle blasts and **pointing** at the **Lead Jammer**.

3. Second Pass

In subsequent passes, **Jammers** earn **1 point** for each opposing player they pass legally. The opposing **Blockers** will try to stop the **Jammer**, while helping their own **Jammer** through the **pack**.

Jammer

Jammers wear a star on their helmets and are the scoring players for each team. The Jammers attempt to pass the opponents by sprinting around the track and lapping the pack.

Pivot

The Pivot is the Blocker that wears the stripe on their head. They are allowed to accept a **star pass** from the Jammer and gain the ability to score points.

Blocker

The Blockers are simultaneously focused on stopping the opposing Jammer from passing them and assisting their Jammer to pass the opposing team's Blockers. The pack is formed by the largest group of Blockers with players from each team on the track.

1. Jam Start

Each team fields **4 Blockers** and **1 Jammer**. **Blockers** start anywhere between the **Jammer Line** and the **Pivot Line**, 30 feet (9.15 meters) away. **Jammers** start behind the **Jammer Line**. Play starts with a single whistle blast
